Before making an application please ensure you have read our grant making policy available at [www.rvwtrust.org.uk](http://www.rvwtrust.org.uk)

**Please include with your application:**

1 Your completed cover sheet

2 Summary outline

Tell us **briefly** about your plans – this document should **not** exceed one side of A4 and may well be shorter. **Where possible please give some indication of the flexibility of your project** should it not be possible to deliver as you initially intend in the current pandemic.

Please include:

**Categories A-C only:**

- A - Music Festivals**
- B - Commissioning costs**
- C - Performing projects**  
(which may also include commissioning costs)

- Information about the key repertoire; names of ensembles/soloists taking part; any other key partners or participants; principal performance date(s) and venues.
- If you are applying to commission a new work, you must specify the duration and instrumentation of the piece and list at least **two performance dates**.
- The trustees will also be interested to know particular reasons for your programming choices, as well as how you intend to attract your audience.
- If applying for support for a series or a festival, full programme details can also be included in a **separate document**.

**Category D only:**

**D - Recordings**

- Information about the key repertoire; the names of ensembles/soloists; any other important partners or participants; information about the recording venue.
- Details of the recording label, pressing size, distribution and marketing.
- Recording and projected release dates. Grants will generally be made on release of a recording.
- If applying to make a privately made recording, where an outside recording company is engaged only to manufacture and/or distribute, but bears no costs of the recording, you must also name the recording label and demonstrate that you have their agreement to participate in the project.

3 Information about those taking part

Please include:

**All applicants**

- **Brief** information about the organisation applying and the principal performers involved in this project. You may prefer to send links to relevant web pages.
- **Brief** information about the key composers included. You may prefer to send links to relevant web pages.
- For projects which feature **emerging composers**, or those likely to be less familiar to our Trustees, please also include an online **audio link** to a recent or relevant composition wherever possible.
- If you have not recently received a grant from the Trust (within the last 3 years) please also send **confirmation of your recent** work such as a pdf programme book or published review. Links to relevant web pages are acceptable.

4 Budget

Please include:

**All applicants**

- An outline budget **breaking down both the costs of your project and the income** you anticipate receiving. If you are applying for a single event within a series or festival you must supply the budget for that event rather than the series.

On the income side it is helpful for us to be able to see clearly:

- how much you can contribute from your existing or core resources.
- how much you anticipate the event will earn (eg income from ticket sales and advertising).
- how much additional funding from other sources is already confirmed. \*
- how much you hope to raise from applications/initiatives still pending or still to be submitted. \*
- any predicted financial short fall.

\* Please identify the sources funding eg: Arts Council, named grant makers or trusts, sponsors, individual donors, crowd funding projects etc. Please update us after the application is submitted, for instance as applications to other grant makers are approved or rejected.

- Organisations or Companies should also include an online link to your most recent **signed end of year accounts** (or pdf copy).
